Mens Snowsports

At Trespass we've been producing snowsport clothing since our inception in 1984. It's in our blood. No matter where our innovation takes us, snowsports will always have a special place in our collection.

This year, we've reduced the size of our range to allow us to provide more focused garments which are tailored to the exact needs of our customers. Throughout the range you will find varying levels of performance and something to suit everyone, from beginners to experts, but all made with the same dedication and passion that the Trespass name has become synonymous with.

From jackets to socks, we can kit out any club member thanks to our generous size range that caters for everyone from 2-year-olds, all the way up to XXL adults.

The collection includes both a TP50 and a TP75 rated unisex ski jacket, purposefully designed with space on the chest and back for club branding to be incorporated. Of course, all of the features associated with a performance ski jacket are included – water and windproof fabric, a removable snowbreak and taped seams, to name but a few. The collection has a unisex fit and is available in time-honoured colourways azure blue and red.

Practical black ski pants offer the perfect accompaniment, while first and second layers can be provided from our other ranges. Technical underwear Flex 360, Yomp 360 and Unite 360, along with microfleece Lap and Pera, are honorary members of the Ski Club to ensure you can get everything your group needs.

Elles sont disponibles du 2 ans au XXL, elles sont unisexes, dans deux couleurs traditionnelles ski Azure Blue et Red. Elles offrent tous les détails techniques pour le confort et l'efficacité (jupe neige, poches diverses, ouverture de ventilation etc...) Deux pantalons (TP50 et TP75) complètent l'offre.

Dans nos autres sections vous trouverez les premières et secondes couches (disponible du 2 ans au XXL), sous vêtements techniques Flex 360, Yomp 360 ou Unite 360 et nos micropolaires Lap et Pera, des gants, des chaussettes...
