

WOMENS SOFTSHELL

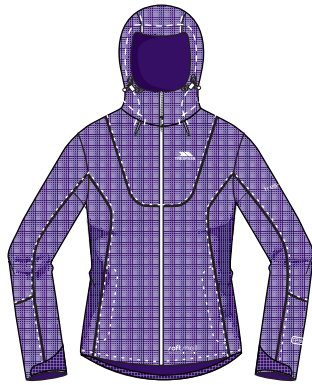

A revolution in sports apparel, designed for highly energetic pursuits.

Our TP100 and TP75 Softshells feature the trusted tres-tex® waterproof and breathable technology. Durable and functional coatings help to repel water yet still allowing moisture to vapour out of your body.

This season we have combined design and function with our new 8000mm Waterproof / 4000mvp Breathable fabrics to our TP75 collection, offering new geometric prints, taped chest pockets and contrast colour zip details. Our softshells are comfortable, soft and warm on the inside yet offer good protection from the elements in challenging weather conditions.
