softshell

TRESPASS MOTION FABRICS

Designed specifically to enhance ease of movement, softshell is a unique and extremely versatile fabric.

Ideal for outdoor activities with TP75 and TP50 styles including a range of technical fabrics like **Tres-tex®**, **Quickdry** and **Comfort Stretch**.

Our softshell jackets and pants not only perform well with waterproof and breathable properties, they also revolutionise any outdoor wardrobe. The distinct look and soft feel of the softshell is part of its draw, this season we have plenty of innovative styles and classic pieces to choose from.

Our men's softshell range encompasses several classic, original styles. Like our brightly coloured **Purna** jacket, with an impressive 8000mm waterproof scoring, or **Amherst** which utilises the contrast zip trend. Gilet style **Chimborazo** is a great in-between season piece or an addition to an outdoor layering system.
